

PACKET COVER

Synthetic document. Not a real invoice or payment request.

Source file: practice-cover.pdf

Source page: 1 of 1

Use this file with the CommandPDF merge and split walkthrough.

After merging, check that the cover is first, then Invoice A, then Invoice B.

Search for this page heading in the result to check that text survives.

These files contain no attachments, passwords, forms or signatures.

Passing this example does not prove those features survive in other PDFs.
